Child Safeguarding Policy

Code of Ethics & Good Practice for Youths & Vulnerable Adults in our Sport

Showjumping Ireland 2022:

Children First Act 2015

“The Children First Act 2015 is an important addition to the child welfare and protection system as it will help to ensure that child protection concerns are brought to the attention of Tusla without delay.

Children First Legislation

The [Children First Act 2015](#) , which was signed into law on 19 November 2015, puts elements of the Children First: National Guidance for the Protection and Welfare of Children on a statutory footing. The legislation was a key Programme for Government commitment, and forms part of a suite of child protection legislation which includes the National Vetting Bureau (Children and Vulnerable Persons) Acts, 2012-2016 and the Criminal Justice (Withholding of Information on Offences against Children and Vulnerable Persons) Act 2012.

The Act provides for a number of key child protection measures, which for Showjumping Ireland are as follows:

- Requirement on organisations providing services to children to keep children safe from harm and to produce a Child Safeguarding Risk Assessment/ Statement/ Policy
- Appointment of child safeguarding officers which include
 - Children’s Officers – National & Regional
 - Designated Liaison Person
 - National Mandated Person – HSI Paul Hayes
- Requirement on defined categories of persons (mandated persons) to report child protection concerns over a defined threshold to the Child and Family Agency
- Requirement on mandated persons to assist the Child and Family Agency in the assessment of a child protection risk, if requested to do so by the Agency
- Putting the Children First Interdepartmental Implementation Group on a statutory footing

The Act also includes a provision which abolished the common law defence of reasonable chastisement in relation to corporal punishment.

The legislation operates in tandem with the existing Children First: National Guidance for the Protection and Welfare of Children, which outlines the non-statutory obligations which will continue to operate administratively for all sectors of society.
